UNIVERSAL EXPORTERS !
POLYMER COMPOUNDING,
RECYCLING AND TRADING

Polymer Compounding
Recycling & Trading

CEO Message

The Universal Exporters Polymer Recycling, Compounding & Trading started its journey two decades before in pursuit of excellence and it has been a wonderful experience so far from polymer recycling indenting house to polymer recycling granules manufacturing. Our major activity is lifting post industrial waste of Plastic scrap specially from drinking water companies for Domestic and international manufacturing who are in need of recycling

Universal Exporters is recording rapid growth rate maintaining good relationship with its oversea and domestic clients since its establishment. Moreover, **UNIVERSAL EXPORTERS. is certified by Environmental Protection Agency under the Ministry of Climate Change (Pakistan)**

We are the “Global Leader” in recycling reusable polymer therefore, we will always do our utmost to be in our client’s confidence in any circumstances and provide high quality product in time for satisfaction.

Muhammad Umair Khan
CEO
UNIVERSAL EXPORTERS –
Polymer Recycling, Compounding & Trading

Vision, Values & Strategy

Vision

As a leading manufacturer of innovative and environmentally-friendly polymer recycling solutions, It is our vision to provide best possible service to our customer by co-operation with them very closely and making a contribution to a more healthy lifestyle. Furthermore, we wish to improve the living condition on our Planet as far as it lies in our power

- All plastic are safely and effectively recycled and widely accepted as a valuable resource.
- To help ensure a healthy environment for current and future generations

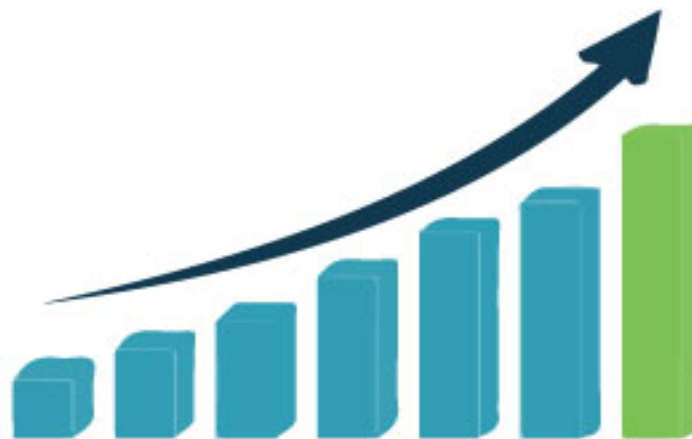

Values

- Superior quality
- Peaceful
- Work Environment
- Contribute
- Customer Satisfaction
- Best Products
- Integrity
- Quality
- Strive to provide the excellent plastic solution to the customers at competitive prices
- Continually expand our range of products
- Poised to service both large and small customers

We also believe that the respect of the public and the environment is very important for our development and growth. Most importantly, we believe that creating a safety and enjoyable environment for our workers will make a difference in their performance.

Strategy

- Total quality management **creation of substantial customer benefits**
- Investment in improving the knowledge of our personal and the quality of our infrastructure and service
- An extremely high standard of performance is a must!
- Optimization of global operations – our products are to export/ship anywhere in the world
- Intensified development of still more environmentally-friendly products

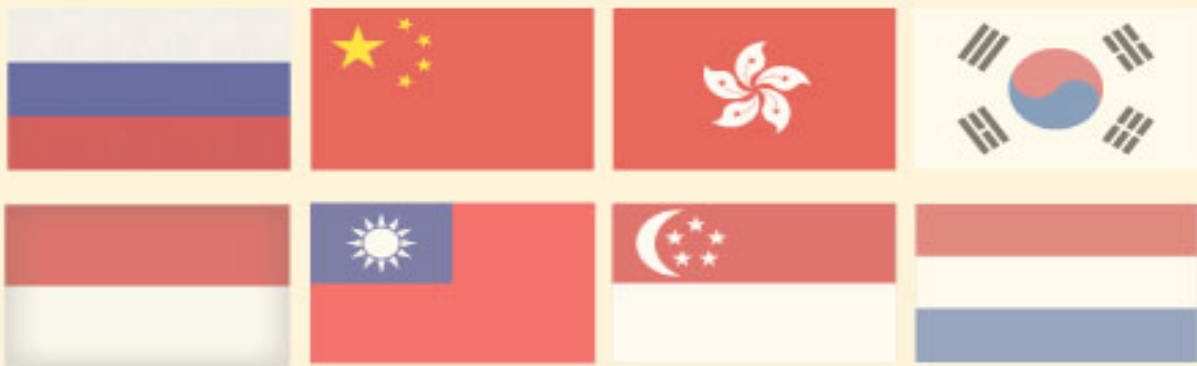

ABOUT

We ship/export polymer recycled scrap/regrind/granules to Russia, China, Hong Kong, Korea, Indonesia, Taiwan, Singapore, Netherland and England – UK Recycling Companies on monthly basis. We have our own Factory having Grinding and Washing department that daily production is 8-Metric Tones.

RECYCLING AND TRADING We are the well Known Polymer waste dealer in Karachi Pakistan since 2002.

Our Core Products are Poly-carbonate PC Water Bottle Blue Tint Regrind, PC CD/DVD Metalized Discs Scrap, PC Natural Electric Meter Cover Regrind & PC Baby Milk Bottle Regrind. We lift Poly-Carbonate regrind/scrap across Pakistan and also cover 75% Domestic market as well.

Subject: APPROVAL FOR ENVIRONMENTAL MANAGEMENT PLAN (EMP) OF M/S. UNIVERSAL EXPORTERS.

After careful review and analysis of the Environmental Management Plan (EMP) of M/s. Universal Exporters located at C-30, Sector 16-B, North Karachi Industrial Area, Karachi. Sindh Environmental Protection Agency (SEPA) accords its approval subject to the following conditions:

- i. The mitigation measures provided in the EMP shall strictly be followed by the proponent to minimize or reduce the impacts on physical, biological, environmental and socio-economic resources.
- ii. National/Sindh Environmental Quality Standards (NEQS/SEQS) for ambient air, noise and wastewater shall be followed in letter and spirit.
- iii. All employees shall be trained appropriately to work on Environmental Management Plan effectively.
- iv. Environmental Monitoring Report (smart report) shall be submitted to SEPA on *quarterly basis*.
- v. The proponent shall undertake extensive tree plantation in and around the area for improvement of aesthetic/environmental conditions and to compensate the production of carbon dioxide by the activity.
- vi. Complete record of hazardous waste/chemical/ solid waste material collected, storage and dispose off alongwith its nature, quantity and way of disposal be maintained by the proponent and waste be disposed off through Sindh EPA Certified Contractor
- vii. The cost of damage to the environment, property and life of the people/workers shall lie on the proponent.
- viii. Proponent shall facilitate EPA Officer(s) as and when required for inspection of compliance status under provisions of Sindh Environmental Protection (SEP) Act, 2014, rules and regulations framed there under and the conditions laid down in this approval.

- ix. The Agency reserves the right to stipulate additional conditions, if found necessary and the company/ project proponent in a time bound manner will have to implement those conditions.
- x. The proponent shall be liable for the compliance of SEP Act 2014 & EIA/IEE Regulations 2014, in force relating to conditions for approval, confirmation of compliance, entry, inspection and monitoring.
- xi. This approval is accorded only for Environmental Management Plan (EMP) of M/s. Universal Exporters located at C-30, Sector 16-B, North Karachi Industrial Area, Karachi and not applicable for import/export of any hazardous chemical material/Product for the Industry. Proponent shall submit separate report as required under regulation for any enhancement or change in the design of the project.
- xii. The validity for this approval is ONE year with effect from date of issuance of this approval.
- xiii. This approval shall be treated as null and void if the conditions mentioned in this approval are not complied with or any violation of SEP Act 2014, Rules, Regulations, Guidelines and instructions thereunder is committed by the proponent or his/her agent/employee.
- xiv. SEPA reserves the right to issue instruction for an independent audit at any stage of the proposed project.
- xv. This approval is not valid for any Court matter/dispute.
- xvi. This approval does not absolve the proponent of the duty to obtain any other approval or consent that may be required under any law in force.

Global Network

Comprehensive and reliable global supply network, associate companies and affiliates were set up over the last few decades. With the mission of reuse and recycle becoming a common concept for major corporations and brand owners, the use of recycled plastic resins are growing as an effective means to achieving Corporate Social Responsibility. Nowadays, as mentioned above, using recycled plastic resins are an effective means for achieving EPR and PCR, with UNIVERSAL EXPORTERS operating as a part of the supply chain, it has a vital role to play. To perform a "close-the-loop" operation, UNIVERSAL EXPORTERS realized the importance to manufacture its own products made from recycled materials. UNIVERSAL EXPORTERS On the distribution of recycled resins to manufacturers for products and plastic materials suppliers, plastic compounding and pelletizing are conducted at our factories in both of Hong Kong and China according to application and specification of different plastic materials required by buyers. The factories

are equipped with full-fledged processing machines for sorting, crushing, separation, washing and pelletization of PC, PET and other Polymer recycling. The niche market of this dimension can hopefully serve as a growth area with much potential in the future.
